

## **STAGE 2 COMMUNITY EVENT**

### ***STEAM MACHINES***

Dear Parents/Carers,

The Stage 2 students and teachers would like to open our doors and invite our parents/carers in to our classrooms on Thursday 27 June 2019 from 2:15pm-3:00pm.

Parents and children will be participating in a variety of hands-on STEAM (Science, Technology, Engineering, Arts & Mathematics) Challenges, working collaboratively together to design, code, create and build solutions to a range of problems and challenges.

Please come along and join in the fun with the students and their teachers. We look forwards to seeing you there.

Kind regards,

Miss Nayeree Basmajian  
Rel. Assistant Principal

Bert Lo Campo  
Principal
