6 December 2023

Microsoft Teams is an education tool that is used in Year 5 and 6 classrooms. It is a platform used as an interactive learning space that enhances students' ability to learn and collaborate with other peers. Our school also provides parents with Term Overviews to provide information on what your child is learning about in the classroom.

We aim to ensure that parents are partners in student learning. We have created a survey to gain insight on both Microsoft Teams and Term Overviews to give us valuable information that can strengthen our community links.

Please use the following link or scan the QR code to access the online survey. Please complete the survey by Wednesday 13 December 2023.
