NEW SCHOOL BYTES PARENT PORTAL

Dear parents/carers,

In the very fast paced world we live in, we understand the need for you to have the ability to receive and respond to communication at a time that best suits your needs. School Bytes provides a school finance system and parent portal for simplified digital payments and communication. Over the next few weeks, Quakers Hill Public School will transition to the School Bytes platform. Once complete, parents/carers will be able to use the portal to:

- Make school payments online (including paying for multiple siblings at once)
- Use a family credit to pay for an activity or school contributions
- Download a receipt for payments made
- View all historical payments in one place
- Complete and submit digital permission notes
- View the status of all permission notes
- Manage student absences
- View and sync the school calendar to a device
- Access student academic reports

Please note, not all capabilities will be available immediately as we undergo the transition process. We will continue to use the SchoolStream app as a platform to send instant push notifications to our school community.

What do you need to do to prepare for the change?

- Sign up or register with School Bytes <https://portal.schoolbytes.education/auth/login>
- Ensure emails sent to you from noreply@mail.schoolbytes.education are not marked as spam/junk in your email system

The school office will resume accepting payments from Wednesday 21 June 2023. While our preference is for payments to be made via the portal, we will still accept payment via cash and EFTPOS.
